Dear Lee,

While it's been almost a year since we completed the sale of our company, E Group Inc., dba Comfort Keepers, we wanted to forward a note to let you know what an excellent job you did in assisting us during the sale of the company.

We could not have done it without you. Your thorough evaluation of our business to support the selling price was both aggressive and realistic. Ultimately, we received the offer that we were seeking and the transition was smooth and went without a "hitch" thanks to your involvement.

We must add that both Marcy and I had an immediate chemistry with you and have developed a great relationship with you. We remain friends to this day.

Again, thanks for all the help and we wish you the best in all your future endeavors.
